

Jack & Alice

All big human stories began with character, wine, food and atmosphere. From the wandering Homer in ancient Greece, sitting in a circle weaving magic, to a small pop up front in London where Jack and Alice leapt from the imagination to the table. It begins. The unique fine wines uncorked, shared boards of exclusive artisan cheeses and cured meats, intimate ambience of light and shade, exquisite taste and a sense of things to come. You won't see Jack and Alice, but will glimpse them in the shadows, in the aromatic dressings and surprises that the passionate team prepares each day for you. Jack and Alice move in the friendly space and listen and watch and smile. They are always there in your experience. Your suggestions also become the future mix, ensuring Jack and Alice is moving, improving and meeting you again. Intimate and original are the keynotes of the experience. Daytimes as an oasis for the weary shopper, the curious traveller, the worker relaxing or having a special lunchtime meeting. In the evening a distinctive drink before or after dinner, knowing there will always be a smile, superb service and a home from home • welcome.

MORE ABOUT OUR COFFEE...

Our Coffee is made from 70% Arabicas - these are the high grown coffees that have more of the delicate flavours, and 30% Robusta - these are the low grown coffees, and have more body and earthy notes.

Brazil accounts for the nutty, chocolate flavours, Costa Rica provides the sweet acidity to the blend, Ethiopia adds a bit more acidity and body and India adds body and improves the crema on the finished espresso.
